William Love

Full Stack Developer on Ruby on Rails
1215 Hancock Street, Brooklyn, NY
Email: wlove29@gmail.com - 954-842-8330
LinkedIn: https://www.linkedin.com/in/willlove

Enthusiastic and motivated developer with an emphasis on growing technologies and back-end development.

E D U C A T I O N

Ironhack Coding Bootcamp - Miami, FL
Spring 2015
Ruby, Ruby on Rails, Javascript, HTML TDD, CSS. MySQL GIT,and JQuery

Developed web applications and API's while maintaining well-structured and efficient code. Successfully delivered a web based application utilizing excellent analytical and problem solving skills.

Completed two fully developed websites using Rails, JavaScript, Postgres, Git, CSS and Bootstrap.

Delivered a gaming social media site utilizing test driven development for my final project. The project was created in two weeks and consisted of utilizing the twitch API as well as Amazons S3 buckets for retrieving profile pictures. Developed features that gave users the options to follow, comment and private message.

Business Administration
Santa Fe College Gainesville - Gainesville, FL
2011 to 2013

https://github.com/buddylove954

W O R K   E X P E R I E N C E

Associate Software Engineer
Dycom Industries – Palm Beach Gardens, FL – 7/ 2015 – present

Collaborated with team members to prototype and develop an API responsible for serving JSON responses of company asset data as well as a full stack application responsible for managing a workforce in the field. Overcame performance problems with caching and eliminating n + 1 queries. Reproduced bugs and provided eloquent solutions. Mentored and provided code reviews for junior developers.

Teaching Internship
Shane English Private School - Dongying, CN – 6/ 2013 to 9/2014

Completed an internship in rural China as a kindergarten English teacher. The internship consisted of the creation of lesson plans and developing new teaching concepts. This required the ability to quickly adapt to a new language and country, this was both challenging and rewarding.
